

Direct Rx's Premium drug formulary has been developed by a committee of physicians and pharmacists to ensure the provision of safe and efficacious drug therapy in a cost-effective manner. The committee meets on a quarterly basis to discuss new drugs and new prescribing information as it becomes available.

In addition to this formulary, there is a list of drugs that we alternatively source on the last page that can substantially reduce your cost sharing obligations. You may receive a phone call to discuss this option throughout the year. If you prefer to be proactive, you may reach out to us directly.

This list of outpatient prescription drugs provides frequently prescribed medications and which copayment tier will apply to the medication. The following formulary reference is designed so that it features medications in generic and brand name drugs.

TIERING		BENEFIT NOTES	
Tier 0 - ACA drugs	\$0 Co-Pay	A = Age Edit	
Tier 1 - Preferred Generic	\$0 Co-Pay	G = Gender Edit	
Tier 2 - Preferred Brand Drug <u>or</u> *High-cost Generic	\$50 Co-Pay	PA = Prior Authorization Required	
Tier 3 - Non-Preferred Drug	\$100 Co-Pay	QL = Quantity Limit	
Tier 4 - Preferred Specialty Drug ¹	\$250 Co-Pay	ST = Step Therapy	
Tier 5 - Non-Preferred Specialty Drug ¹	30% Co-Insurance		

¹All tier 4 and 5 drugs are required mail order from Inverness Apothecary Trinity.
Save time and money! Get your medications through mail order for a 90-day supply at a cost of 2.5x listed co-pay. Contact Inverness Apothecary Trinity at (855) 708-7464.

Coverage for some drugs may be limited to specific dosage forms and/or strengths. Clinical edits such as quantity limits, age and gender restrictions may apply to some medications. Since changes to the formulary may occur throughout the year, medications listed on this formulary are subject to change. The listing of a medication on this formulary does not guarantee coverage. Excluded medications are not part of the member benefit. If you fill an excluded medication, you will pay the full retail price.

You may login to your DirectRx Member Portal to verify formulary inclusion, find participating pharmacies, and to get drug pricing estimates.

You may also contact a Customer Care representative to obtain current formulary status of a particular medication. Please review your benefit plan documents for additional information regarding your pharmacy benefits and restrictions.
